14) Do you have any suggestions for improving the grievance system?

I believe Texas Bar protects their attorneys. There are too many complaints perhaps, keeping attorneys performing wrong doings undisciplined, where they continue to hurt the trusting public - without penalty.

It is unfair because there is no process for a victim like me to get equity and protection from a bad lawyer. The system is set up to let bad lawyer do what they want and provide bad service without penalty.
- 14. Do you have any suggestions for improving the grievance system?
To have justice against incompetent and unprofessional lawyers, and to be able to fire them without pay. There needs to be a process for our legal system to work; otherwise the citizens begin losing faith in our system, which is beginning to happen.

Re: Disciplinary System Questionnaire
202202650 - Melvin J DeGeeter, PhD - Kristin Renea Brown

To whom it may concern:

The enclosed Disciplinary System Questionnaire has been completed and is being returned for your information. After my experience with a Texas lawyer who was the subject of a grievance claim and subsequent appeal that has been rejected, I question the integrity and competence of the Texas Legal System.

I would be pleased to receive a response to my concerns and suggestions presented in the Disciplinary System Questionnaire, if you are so inclined.

Sincerely yours,

Melvin J. DeGeeter, PhD

Disciplinary System Questionnaire

Your completion of this questionnaire is purely voluntary. Any responses you provide will be used to improve the attorney disciplinary system in Texas. Thank you for your participation.

1. Are you a former client of the respondent lawyer? YES NO
2. Was your grievance dismissed at the initial screening process? YES NO
 - a. If your grievance was dismissed, did you appeal the classification decision? YES NO
 - b. Did BODA reverse the dismissal? YES NO
3. Did your grievance result in a sanction against the respondent lawyer? YES NO
4. Was your grievance heard by: An Investigatory Panel An Evidentiary Panel A District Court
5. If your complaint was heard by an investigatory or evidentiary panel, how would you describe your treatment by the investigatory or evidentiary panel?

UNSATISFACTORY. No reasons were given for the ruling; merely a statement that claim was rejected. Without reasons for the decision I, the claimant have no logical items to address regarding the rejection by the committee of volunteer lawyers. I contend that for peers to review a claim against a peer is biased and does not reflect or support objective analysis of a situation/claim.

6. How long did it take to reach a conclusion about your grievance? less than 90 days 90- 179 days 180-260 (Nov 2021 – Oct 2022 which is longer than 260 days but shorter than "more than 360 days") days more than 360 days
7. Did your grievance involve a: CRIMINAL MATTER CIVIL MATTER
8. If your matter was criminal in nature, was your attorney: APPOINTED HIRED
9. If your matter was criminal in nature, did you receive a sentence that included jail or penitentiary time? YES NO
10. Which regional office of the chief disciplinary counsel's office processed your grievance? Austin Dallas Houston San Antonio
11. Did you ever talk with an employee of that regional office? YES NO
 - a. If so, did you talk with: staff an attorney both
 - b. What were the names of the employees that you spoke with?

I discussed the situation with CAAP representative, Dan Turner, on 11.19.19. Mr Turner recommended that I or CM complete the CDC Grievance Form and submit it to THE OFFICE OF CHIEF

DISCIPLINARY COUNSEL. On 11.20.19 Petra *unknown last name* (CAAP Representative) called to see if there was something she could answer or do or if more information was needed.

12. How would you describe your treatment by whomever you talked with?

CAAP interaction was satisfactory.

13. Do you believe the grievance system is fair? YES NO a. If you answered no, why do you think the system is unfair?

1. Failure of the Grievance System administration and/or grievance reviewers to explain reason for rejecting a claim or claims is offensive to the claimant. Explanation for decisions, favorable or unfavorable, seems necessary in order to ask for a response to satisfaction with the process and to assure that the claimant understands why and/or how decisions related to a claim are made.

2. For example, The following is presented in the

TEXAS DISCIPLINARY RULES OF PROFESSIONAL CONDUCT

Preamble: A Lawyer's Responsibilities

1. A lawyer is a representative of clients, an officer of the legal system and a public citizen having special responsibility for the quality of justice. Lawyers, as guardians of the law, play a vital role in the preservation of society. The fulfillment of this role requires an understanding by lawyers of their relationship with and function in our legal system. A consequent obligation of lawyers is to maintain the highest standards of ethical conduct.

2. As a representative of clients, a lawyer performs various functions. As advisor, a lawyer provides a client with an informed understanding of the client's legal rights and obligations and explains their practical implications. As advocate, a lawyer zealously asserts the client's position under the rules of the adversary system. As negotiator, a lawyer seeks a result advantageous to the client but consistent with requirements of honest dealing with others. As intermediary between clients, a lawyer seeks to reconcile their divergent interests as an advisor and, to a limited extent, as a spokesperson for each client. A lawyer acts as evaluator by examining a client's affairs and reporting about them to the client or to others.

3. In all professional functions, a lawyer should zealously pursue clients' interests within the bounds of the law. In doing so, a lawyer should be competent, prompt and diligent. A lawyer should maintain communication with a client concerning the representation. A lawyer should keep in confidence information relating to representation of a client except so far as disclosure is required or permitted by the Texas Disciplinary Rules of Professional Conduct or other law.

In this grievance claim, the lawyer accepted over \$20,000.00 and after 2 years had not complied with the purported actions to be taken, i.e. arrange for expert reviews and reports, respond to client questions/comments nor misrepresent written intended legal actions and other irregularities presented in the grievance claim.

Clear and concise explanations for these and other claims reviewed by the Grievance Committee would certainly contribute to a decision as to whether the Grievance process is fair.

14. Do you have any suggestions for improving the grievance system?

1. Establish a better record communication protocol between review personal and grievance claimant.
2. Eliminate a mere statement that claim rejected without reasons.
3. Apply and stress the importance of the first statement in the ***Texas Disciplinary Rules of Professional Conduct; Preamble: A Lawyer's Responsibilities; 1. A lawyer is a representative of clients.***

- 13. Do you believe the grievance system is fair? YES NO
 - a. If you answered no, why do you think the system is unfair? *Boilerplate Dismissal letter does not address specific reason, leaving me feeling unheard - when I know double billing was performed and fiduciary relations were broken by attorney.*

- 14. Do you have any suggestions for improving the grievance system?
 - I believe Texas Bar protects their attorneys. There are too many complaints perhaps, keeping attorneys performing wrong doings undisciplined, where they continue to hurt the trusting public - without penalty.*
